Upstate Women & Technology (UWT) is a strong and supportive women's networking group that promotes learning and friendship in the Upstate community. We welcome women of all ages, industries, and professions to develop their networks and learn about technology. Guest speakers are invited each month to present various topics of interest.

The luncheon is from 12:00 - 1:00 on the 4th Thursday each month (except Nov & Dec) at a restaurant in Greenville. Cost to attend the meeting is \$20, which covers the meal.
